Item 17. CONSUMPTION OF SELECTED MATERIALS DURING 1997

INSTRUCTIONS

1. **General** – The materials, parts, and supplies listed below are those commonly consumed in the manufacture, processing, or assembly of the products listed in item 18B. Please review the entire list and report separately each item consumed. Leave blank if you do not consume the item. If you use materials, parts, and supplies which are not listed, describe and report them in the "Cost of all other materials..." lir line at the end of this section. If you consumed less than \$25,000 of a listed material, include the value with "Cost of all other materials . . . ," Census material code 970099 8.

Report materials, parts, and supplies purchased, transferred from other plants of your company, or withdrawn from inventory.

If quantities are requested, please use the unit of measure specified.

If the information as requested cannot be aken directly from your book records, REASONABLE ESTIMATES ARE ACCEPTABLE.

 Valuation of Materials Consumed – The value of the materials, etc., consumed should be based on the delivered cost; i.e., the amount paid or payable after discounts and including freight and other direct charges incurred in acquiring the materials. Materials received from other plants within your company should be reported at their full economic value (the value assigned by the shipping plant, plus the cost of freight and other handling charges).

If purchases or transfers do not differ significantly from the amounts actually put into production, you may report the cost of purchases or transfers. However, if consumption differs significantly from the amounts

INSTRUCTIONS

General - The manufactured products and services
listed below are generally made in your industry. If you make products that are not listed, describe and report them in the "All other products made in this."

make products that are not listed, describe and report them in the "All other products made in this establishment" section at the end of item 18B. PLEASE DO NOT COMBINE PRODUCT LINES.

If quantities are requested, please use the unit of measure specified.

If the information as requested cannot be taken directly from your book records, REASONABLE ESTIMATES ARE ACCEPTABLE.

 Valuation of Products – Report the value of the products shipped and services performed at the net selling value, f.o.b. plant to the customer; i.e., after discounts and allowances, and exclusive of freight charges and excise taxes.

If you transfer products to other establishments within your company, you should assign the full economic value to the transferred products; i.e., include all direct costs of production and a reasonable proportion of all other costs and profits.

- **3. Resales** Do not report on the specific product lines those PRODUCTS BOUGHT AND SOLD OR TRANSFERRED FROM OTHER ESTABLISHMENTS OF YOUR COMPANY AND SOLD WITHOUT FURTHER MANUFACTURE. Report only a value under Census product code 99989 00 6, "Resales."
- 4. Definitions

Stock – Standardized products usually manufactured in large quantities and carried in inventory, delivered to end user without customer specified printing and/or other manufacturing features.

Custom – Manufactured to customers' specifications.

Label/Form Combination – Any form which incorporates a label into its construction.

Unit Set Forms, Loose or Bound – All carbonless, carbonized, or carbon interleaved forms with an original and one or more copies, with or without stub.

4. Definitions – Continued

Tabulating Card Set – Any combination of one or more cards assembled and joined with any number of sheets, with or without carbon, held together by a common perforated stub, not in continuous style.

Manifold Book – A bound set of forms intended for manual writing with hand-inserted, reusable carbon.

Pegboard Accounting System – A board with a row or rows of pins and associated pegboard forms that fit onto the board.

Continuous Forms – Single or multiple copy forms, with or without carbon, manufactured from a continuous web and not cut into units prior to execution; ziz-zag folded (flat pack) or nonfolded (roll).

Jumbo Roll-Feed Forms – Continuous forms intended for use in high-speed nonimpact printers. The forms go to the end user in a roll.

Self-Mailer Form – A continuous form integrated into a continuous envelope, manufactured so that the outside address and inside product can be printed simultaneously.

Peel-Back Mailer – A self-mailer form manufactured so that the recipient can remove the stub and peel away the face of the envelope to reveal the message.

Insert Mailer – A self-mailer form incorporating an inserted message and an envelope in one unit. The insert can be removed by opening one side of the envelope and snapping apart the materials.

Custom Continuous Form With Product Affixed – A continuous form with a plastics or paper card, envelope, letterhead, or any other item affixed to it.

Preprinted Cut Sheets – Single ply, noncontinuous sheets of paper formatted for the collection and/or dissemination of information. These should be reported under the appropriate categories in Part II.
