

# 1997 CENSUS OF MANUFACTURES

## SPECIAL INSTRUCTIONS FOR PUBLISHERS

You should report on this form if you publish, even if all your production work (typesetting, printing, binding, etc.) is done elsewhere.

Please report for all items on the form. For any items that do not apply to your operation, please report a "0" (zero) or mark the "0" check box, if the item has one.

The expense of having production work done for you elsewhere is considered "cost of contract work" and should be reported in Item 10.
