Include:

- Products made elsewhere by others from materials supplied by this establishment. Report these products on the specific lines as if they were made in this establishment.

Special Reporting Instructions and Definitions –

Products Shipped and Other Receipts –

Information on products shipped should be reported based on the product condition at the time of shipment. For example, do not report as gray goods shipments any sales of finished fabrics or fabricated textile products.
Report products transferred to other plants for further processing such as yarn to be woven, gray goods to be finished, finished goods to be fabricated into sheets, etc. The establishment receiving such transfers should report them as materials consumed at the same value plus costs of freight and other direct handling charges.

Yarn and Fabrics Classification – Yarn and fabrics made from more than one fiber are classified by chief fiber content. For example, fabrics which are 40 percent cotton, 30 percent rayon, and 30 percent acetate would be considered manmade fiber fabrics. Blends and mixtures which are by weight 50 percent manmade fibers and 50 percent natural fiber should, for purposes of continuity, be classified in the manmade fiber category. Blends with 36 percent or more wool are classified as wool.

Fabrics finishing includes – Bleaching and white finishing, plain dyeing and finishing, printing and finishing, flameproofing, mildewproofing, mercerizing, embossing, sponging of fabric for the trade, etc.

Wholesaling Products Section – Report sales for each product line sold by this establishment. In prior Censuses, these product lines were grouped together in one product code for **Resales**.
